

Key Investor Information

This document provides you with key investor information about this Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

Invesco India Bond Fund (the "Fund")

A sub-fund of Invesco Funds (the "Umbrella Fund")

Class Z accumulation - USD (ISIN: LU1252825044) (the "Share Class")

The Fund is managed by Invesco Management S.A., part of the Invesco Group.

Objectives and Investment Policy

- The objective of the Fund is to generate income and long-term capital appreciation.
- The Fund will invest primarily in debt instruments (including contingent convertibles) issued and/or guaranteed by the Indian government or by Indian companies, and Indian money-market instruments.
- The Fund may use derivatives (complex instruments) to manage the Fund more efficiently, with the aim of reducing risk, reducing costs and/or generating additional capital or income.
- The Fund is actively managed and is not constrained by its benchmark, the CRISIL 91 Day Treasury Bill Index, which is used for comparison purposes. As the benchmark is a proxy for a money market rate, the overlap is not applicable.
- Please refer to the Past Performance section below where a benchmark will be displayed if relevant.
- The Fund promotes environmental, social and governance (ESG) criteria as covered under Article 8 of the Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector.
- You can buy and sell shares in the Fund on any Dealing Day (as defined in the Prospectus).
- Any income from your investment will be reinvested.

Risk and Reward Profile

- The Share Class is in risk category 4 due to the rises and falls of its price or simulated data in the past.
- As the Share Class' risk category has been calculated using historical data, it may not be a reliable indication of the Share Class' future risk profile.
- The risk category may change in the future and is not guaranteed.
- The lowest category does not mean a risk free investment.

Other Risks

- The value of investments, and income from them, can go down as well as up and you may not get back the full amount you invested.
- The lack of common standards may result in different approaches to setting and achieving ESG objectives. In addition, the respect of the ESG criteria may cause the Fund to forego certain investment opportunities.
- Changes in interest rates will result in fluctuations in the value of the Fund.
- Debt instruments are exposed to credit risk which is the ability of the borrower to repay the interest and capital on the redemption date.
- Investments in debt instruments which are of lower credit quality may result in large fluctuations in the value of the Fund.
- Return on your investment may be adversely affected by variations in exchange rates.
- It may be difficult for the Fund to buy or sell certain instruments in stressed market conditions. Consequently the price obtained when selling such instruments may be lower than under normal market conditions.
- Investment in Indian securities may be restricted due to the unavailability of the relevant quota.
- As this Fund is invested in a particular geographical region, you should be prepared to accept greater fluctuations in the value of the Fund than for a fund with a broader geographical investment mandate.
- The Fund may use derivatives (complex instruments) in an attempt to reduce the overall risk of its investments or reduce the costs of investing, although this may not be achieved. The use of derivatives transactions may expose the Fund to counterparty risks that may result in losses to the Fund associated with the bankruptcy or insolvency of a counterparty.
- As a large portion of the Fund is invested in a less developed country, you should be prepared to accept significantly large fluctuations in the value of the Fund.
- A more detailed description of risk factors that apply to this Fund is set out in Section 8 of the Prospectus.
